About FLASKE

A world without plastic

FLASKE is a verified social enterprise and a premium drinkware company on a mission to create a lasting environmental impact.

FLASKE positions itself as a pioneer in increasing sustainability for businesses in their everyday practices. Together, we work towards a responsible world without the unnecessary use of plastics on a larger scale.

Whether your employees are at the office, out in the community for business or leisure, we offer a wide range of customised reusable products for everyday use.

We donate 10% of our annual profit to the Plastic Soup Foundation to support plastic-free oceans and bodies.

Coffee Cup 350ml

Milky coffee lovers, this cup is for you. Its size is ideal for that early morning latte on your commute. Leak- and temperature proof and if you're the type of patient person who starts sipping when they get to the office.

Coffee cup 380ml

This bespoke and sturdy coffee mug comes in a wide range of colours. It's perfectly suitable for those days you just need an extra kick of caffeine. As you would expect from us, it maintains its temperature for hours and is 100% leakproof. The lid's opening is exactly the size as you would find on the plastic lids. So, if that feature was ever an option to stop you from investing in a sustainable cup, that excuse now goes out of the window! The lid screws on seamlessly and is featured with a rubber band that allows for additional grip. And... We can of course personalise this coffee mug with names and your company logo. We think this one is a winner!

Accessories

Our accessories add additional functionality and style to your FLASKE.

- No need to unscrew a loose lid any longer. The flip-open allows for non-stop hydration during workout (you only need one hand!), and is very convenient for kids too.
- Never lose your FLASKE when clipping it to your bag with this sturdy and colourful carabiner.
- Make your FLASKE truly your own by engraving your name or nickname. A personalised bottle makes for a perfect gift as well!

FLASKE

Protection & Gift packaging

All products come in a protective cover made of recycled jute fibres. This keeps your FLASKE safe from scratches and it can be reused for other purposes.

It is also possible to opt for our deluxe gift packaging. This circular case is made of 100% recycled cardboard, FSC Certified. From 500 items at a price of €1,- extra per piece, it is possible to design the packaging entirely to your own liking. This will make you stand out from the crowd even more!

FLASKE

We pride ourselves on offering bespoke customisation. Our clear-cut engraving process offers the option to design to your exact liking, whether it is for yourself or a loved one.

Additionally, our customised corporate designs offer the opportunity to stand out from the crowd. Gifting your current team, new employees, and new business relations will increase your exposure worldwide. By gifting them a meaningful, convenient and sustainable gift, they will take your brand everywhere they go.

FLASKE

Laser logo

Sleek & slender, this design puts your branded FLASKE right in people's vision. Carving away the powder coating reveals your branding as an in-depth dimension.

Full color logo

This technique allows for limitless possibilities of colours and artwork and will bring out the finer details that represent your brand.

3D Color logo

Add premium touch with a 3D logo. This is a thick powder coating logo that lasts forever!

Customize with Flaske

Product Selection

Provide your sales representative with a list of the selected SKUs and artwork you'd like to use on the vessels

Artwork Placement

Our dedicated design team will generate mock-ups so you can preview your custom product & make any necessary changes. Prior to placing your order we will send over a formal proof to ensure artwork is the size, color and placement you desire

Customization Process

We will work closely with our customization partners to get your order printed with attention to quality and punctuality

adyen

Glad to see that our employees no longer use plastic bottles. They are proud to have a sustainable bottle. The bottles are of high quality and look great. This makes the motivation to drink more tap water easier”.

Marielle Visser - HR Director

Happy to see that all our employees have a branded bottle with their name on it. Drinks stay both cold and hot, perfect!

Ingo Quellhorst - Consultant

SONY

Very satisfied with the quality and the good customer service. They kept us updated in every step of the process and we received our bottles within a short time. Would highly recommend this brand.”

Yee Yan Cheung - Marketing director
